August Belmont, of New York, the millionaire banker and financier, died Monday in the 74th year of his age.

We give our readers a fat Thanksgiving turkey on the outside to-day. Most of them were probably supplied on the inside yesterday.

The Owensboro street car stables were burned Tuesday morning and nineteen mules and the entire outfit of cars were consumed. Loss \$15,000.

Parnell resigned the leadership of the Irish party on account of his recent domestic troubles, but was immediately and unanimously re-elected.

Benjamin P. Shillaber, known in literature as "Mrs. Partington," one of the favorite humorists of the last generation, died in Boston Tuesday, aged 76 years.

The Christmas number of "Godey's Lady's Book" is here, and it is a gem worthy of the richest setting. This is a real Xmas gift, full of stories both grave and gay; fashions, work designs, and general information suited to the season. Now is the time to subscribe, \$2.00 per year. When Col. Ed. Porter Thompson and other Central Kentucky candidates start forth to hunt the office of Superintendent of Public Instruction, Western Kentucky will furnish a nice and pleasant Glenn in which to bury their little boomlets, and will enclose the sacred spot with a Pickett fence.

It is said that President Harrison will insist in his message that the McKinley Bill and the Force Bill are just the kind of measures the country needs. Chief Gall is also in favor of forcible measures being adopted by the Sioux. Why not make the ticket of 1892 Harrison and Gall? It would sweeten not only Oklahoma but North Dakota as well.

The large commission house of Thos. H. Allen & Co., Memphis, with a New York branch house under the name of Richard H. Allen & Co., failed in both branches Monday. Liabilities at Memphis \$750,000 and at New York \$1,000,000; assets \$1,500,000 at Memphis and \$1,000,000 at New York. The firms are composed of T. H. Allen, Sr., T. H. Allen, Jr., R. H. Allen, Jr. and Harry Allen.

There are seven presidential post-offices in Kentucky still filled by Democrats and it is said to be a part of the Harrison program to remove these postmasters as soon as possible. Their terms expire as follows: Cynthia, Jan. 10, 1891; Elizabethtown, February 14; Bardonia, December 21, 1890; 1891; Carlisle, December 21, 1890; Eminence, July 1, 1892; Georgetown, February 21, 1892; Lexington, December 20, 1891; Richmond, December 20, 1891.

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. "One of my children took a cold and got the croup. I gave her a teaspoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in her throat. Then she went to sleep and slept good for fifteen minutes. Then she got up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave the same remedy with the same good results. I wrote this because I thought there might be some one in the same need and not know the true merits of this wonderful medicine." CHARLES A. THOMPSON, Des Moines, Iowa. 50 cent bottles for sale by Buckner Leavel.

Esq. W. E. Warfield has called our attention to the fact that his circular announcement last summer took substantially the same ground that the Kentucky takes in regard to too many changes in the present constitution. Esq. Warfield's position was correct then and is correct now, and if we remember correctly Dr. Clardy's views were very similar to his on this point. At any rate, Dr. Clardy is voting against all unnecessary changes, such as altering the age at which a man may be eligible for Governor and the like. If this question was at any time an issue between the two gentlemen in their race for the nomination we failed to note the fact. Both took the right stand and the Kentucky endorses their position, no matter which first assumed it.

Beware of Ointments for Catarrh That Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the change they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co.

FIGHTING INDIANS.

The Threatened Outbreak Comes at Last and Bloodshed Results.

Soldiers Hurrying To The Scene. Chicago, Nov. 26.—A special to the Inter Ocean from Missoula, Mont., says: A fierce battle is in progress between the military and the Indians near Fort Keogh, Mont. The department has ordered three companies of Fort Missoula troops to the scene of the trouble. Advances from various points say that lively skirmishing is in progress all along the line.

Pine Ridge Agency, Nov. 26.—Little Wound and the Rosebud Indians have begun depredations by burning the houses of friendly Indians on Medicine and Porcupine creeks. G. Mellette has sent arms to the Black Hills people. The troops will start at once after Little Wound.

Las Vegas, N. M., Nov. 26.—Gen. Crook to-day ordered the Sixth Cavalry, now stationed at Fort Union, to be prepared with light baggage to join the troops that leave Fort Wingate to-morrow, and proceed with the utmost haste to Fort Meade, Dak. Gen. Mizner, commander at Fort Russell, to-night expressed his opinion on the threatened outlook to the effect that if fighting began it would require 100,000 troops to conquer the Indians, and the result would be the total annihilation of the tribes waging war.

THE CRAFT.

The Morganfield Sun issued a very creditable double issue this week.

It is rumored that Mr. Chas. J. O'Malley, the young Kentucky poet, will become editorially connected with the Henderson Journal next year.

The Lexington Leader is out in a very becoming new dress.

Lee Elmore, editor of the Mayfield Democrat, wants to represent Graves county in the next Legislature.

"The Slossens of Bangville, a Five-Hundred Dollar Prize Story, by James T. McKay, is one of the admirable stories given in the Thanksgiving Double Number of 'The Youth's Companion.' Among the other stories are 'A Thanksgiving Guest,' by Louise R. Baker; 'Cy and the Bear,' a humorous adventure, by John F. Barnes; 'Chased by a Shadow,' by Warren L. Wattis, while a whole page of Thanksgiving fun is given for the younger readers.

The first issue of the Wheel, at Buffalo, LaRue county, is out.

The Daily Democrat has been started at Frankfort to run until December 4th, its object being to aid in the election of the Democratic city ticket.

STREET IMPROVEMENTS.

A Decision of Interest To Those Who Refuse To Lay Pavements.

The Court of Appeals has made an important decision on a test case taken up from this city relative to the right of cities to enforce orders for pavements in front of private property. This decision is in line with the amendment act passed by the last legislature giving Hopkinsville further power to enforce such orders, and persons who have defied the city heretofore now have no other recourse than to conform to the law. This is from the Courier-Journal of Nov. 15.

Appellate Jurisdiction—Street improvements.—Starling, etc., vs. City of Hopkinsville.—Filed November 12, 1890. Appeal from Christian Court of Common Pleas. Opinion of the court by Presiding Judge Barbour, affirming.

First—While this court has no jurisdiction of an appeal where the validity of a statute is involved, it is not every suggestion that a statute is invalid that will deprive this court of jurisdiction. When a question has been repeatedly and uniformly decided it should no longer be regarded as a question.

In view of the decisions of the Court of Appeal, the power of the Legislature to confer upon the cities and towns through their Councilmen and Trustees the authority to have streets and sidewalks improved at the expense of contiguous lot owners is not an open question.

Second—The power conferred upon a city to grade and improve streets is a continuing one and carries with it the power to regrade and re-pave after they have once been graded and paved.

Third—Where a lot owner with full notice from the city of an intended street improvement stands by and without objection permits the improvement to be made, he will not afterwards be heard to say that the improvement was unnecessary and that the Council in ordering it to be made acted arbitrarily and illegally.

Fourth—Even if the city had the absolute fee simple title to the improved street, that fact does not relieve the lot owner from liability for the cost of the improvement. But if the title of the city had been a material fact it should have been specifically set out in order to overcome the legal presumption that the lot owners own to the middle of the street. The allegation that the city is the absolute owner of the improved street, and the defendants have no reversionary or remote interest therein, is a legal conclusion.

Landes & Clark for appellant.

Why Select The Best.

Physicians claim that pure Sour Mash Whisky taken in moderation is beneficial to one's health. Kentucky is noted for its pure Sour Mash Whiskies and while there are quite a number of good brands on the market, the old Silas Jones Whiskey, of which Lax Simon & Co., of Louisville, Ky., are the Sole Proprietors, is especially recommended for its medicinal qualities.

SEVEN GOOD MEN.

A Council Ticket That Cannot Be Defeated—Ball For Attorney.

The Democratic primaries were held Tuesday at all the voting places in the city and a winning ticket was nominated for the coming election. The total vote was 289, a good vote considering the fact that there were no contests for councilman in four of the wards. The nominees are all good and representative men and their selection gives general satisfaction and party harmony is assured. Of course some were disappointed, but no bad feeling was engendered in any of the contests and there will be no bolting or sulking when election day comes. Following is a list of the nominees:

First ward—J. M. Dennis.
Second ward—M. C. Forbes.
Third ward—R. T. Petree.
Fourth ward—F. W. Dabney.
Fifth ward—H. W. Tibbs.
Sixth ward—E. M. Flack.
Seventh ward—W. J. Withers.

THE OFFICIAL VOTES.

First ward—J. M. Dennis 19.
Second ward—M. C. Forbes 47, W. M. Hill 1.
Third ward—R. T. Petree 26, Geo. W. Shaw 24, F. J. Brownell 1.
Fourth ward—F. W. Dabney 31, F. Henderson 2.
Fifth ward—H. W. Tibbs 19, E. W. Walker 2.
Sixth ward—E. M. Flack 41, W. E. Ragsdale 11, Geo. W. Collins 10.
Seventh ward—W. J. Withers 28, Geo. H. Johnson 24.

FOR CITY ATTORNEY.

Gilmer M. Bell received in the First 16, Second 48, Third 47, Fourth 17, Fifth 21, Sixth 53, Seventh 31. Total 242. J. D. Hays received one vote in the Sixth ward.

SPLINTERS FROM THE BOARD.

In five of the wards the nomination is equivalent to an election and in one other the opposition is just formidable enough to make the boys stir themselves. The "Bloody Fifth" was intended to be Republican but its politics were changed this month and it gave Ellis a majority.

If any man is disposed to laugh at the idea of Tibbs being elected in the Fifth ward it would be well for him to restrain his mirth till after Dec. 13. There were in round numbers 180 voters in this ward last June. Of these many have gone away and fully 100 of them failed to vote even at the August election. Large squads of these men are working in other states and will not come back to vote when only one councilman is at stake. Of the others many of them owe back taxes and cannot vote. It would take several hundred dollars to clear up these taxes and make them qualified voters. This work was done last year on a large scale, but it will not be done this year. The Republicans can't afford it and the Democrats don't have to this time. Aside from these strong reasons, many colored men have quit the Republican party for good and will vote against any man they may put out. The Democratic vote in the Fifth is made up of hard fighters in politics and they are determined to have a man on the council who can have some influence and benefit his ward and this feeling will be shared by the thinking colored voters.

The contest in the Seventh was the most exciting of all. It was neck and neck all day and the interest spread to the Republicans, about 8 or 10 of whom went into the primary pig dog themselves to support the nominee. Their votes being divided about equally did not change the result. It took the official count to decide that Mr. Withers had won.

In the Third the result was a surprise. Mr. Shaw was well in the lead all day, but about 4 o'clock the Petree forces made a rally and gained steadily till the polls closed at 7 o'clock, when they were found to be two votes ahead.

The secret ballot worked like a charm and everybody was pleased with it.
